DESCRIPTION

Property 10291 - Positano - Amalfi Coast

3 Double bedrooms – Pool use of the adjacent villa

Located on the Amalfi Coast in the Penisola Sorrentina, Property 10291 offers breathtaking view on the sea. Besides being a great place to relax, the Villa is a convenient starting point to visit Pompei, Ercolano, Amalfi and Ravello, as well as Positano Sorrento and by aircraft Capri.

The Amalfi Coast is characterized by its location high over the sea, split and eroded in various points, with ravines and grottoes. Rocky and wild, it is an endless sequence of sharp rocks, spires, towers that move down towards the sea and on which the hand of man has laid out a series of terraces planted with olives, citrus trees, vineyards. Towards the interior the ridge of the Lattari hills acts as backdrop.

The Amalfi Coast road reveals sweeping panoramas, which embrace the island of Capri, the crags of the Faraglioni and the small Li Galli islands.

The coast here has, not without reason, often been called "divine" to stress its unusual qualities. The hand of man has created a series of terraces on this steep land, on which the houses have been placed, overlooking one of the cleanest seas in Italy, apparently clinging to inaccessible rocks. Fishing was originally the only activity, but now agriculture has also been developed and the local population has been describe has having "one foot in the boat, the other in the vineyard".
