DESCRIPTION

Property 10563 – Florence

4 Bedrooms – Terrace

In the cradle of the Italian Renaissance, among Florentine architectural, cultural and art masterpieces, the apartment Lungarno stands out for its elegance and style.

The apartment is 130 square meters and offers: a large terrace (140 square meters), surrounded by a lush vegetation for absolute privacy; a wide and bright living room, elegantly furnished and equipped with all comforts, including a kitchenette; three bedrooms and three bathrooms, one of which is en-suite.

BEDROOMS. The bright four bedrooms have large windows. The soft and relaxing colours chosen for the walls, the warmth given by wooden floor and the selected objects and furnishings make the rooms particularly comfortable. All bedrooms have satellite TV, air conditioning, heating.

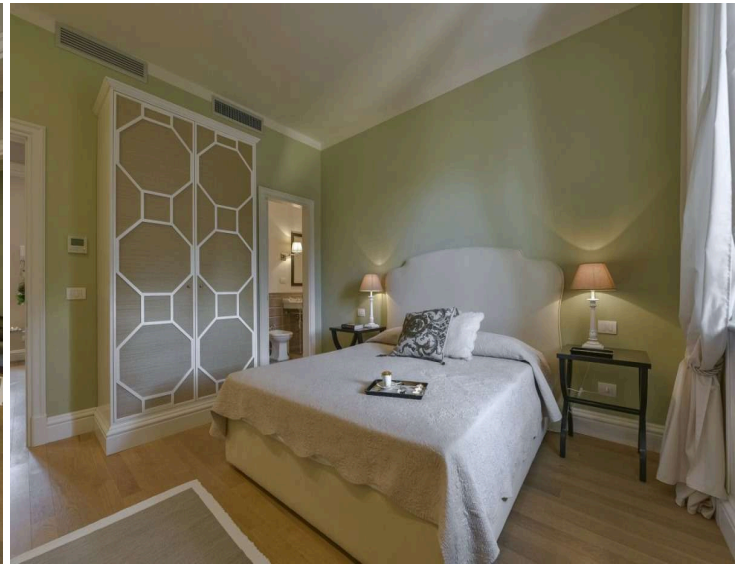

The three bathrooms in light colours have shower or bathtub and are fully equipped.

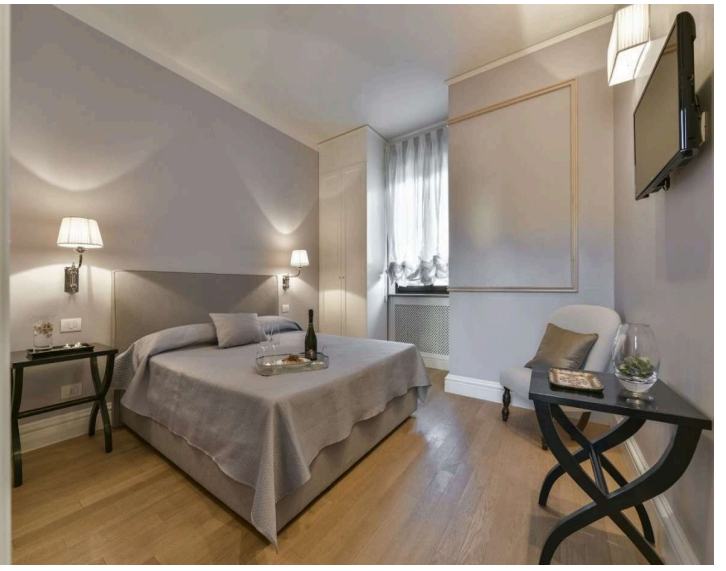

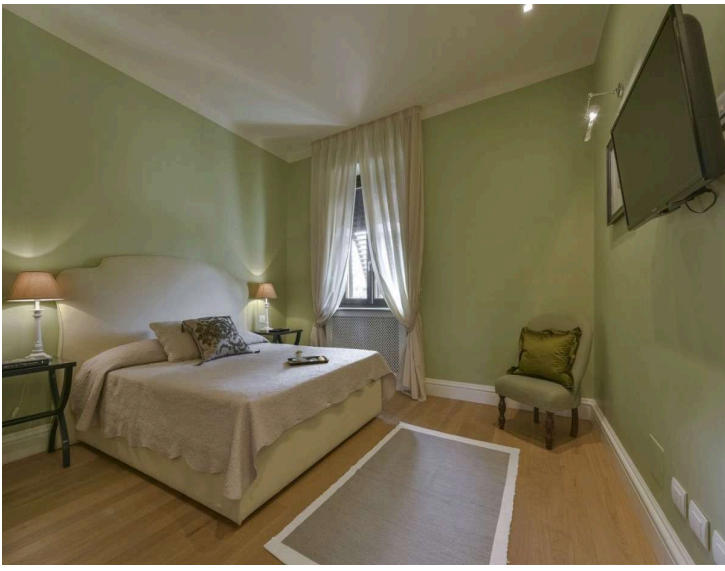

LIVING ROOM. The living room is bright with natural light entering from the numerous windows and the direct access to the terrace. The room offers three different comfortable areas: a fully equipped kitchenette in contemporary style where you can prepare your meals if you wish; a relaxing area with a charming fireplace, comfortable sofas and armchairs, where you can watch TV or talk, and a dining area with a large table made of precious wood.

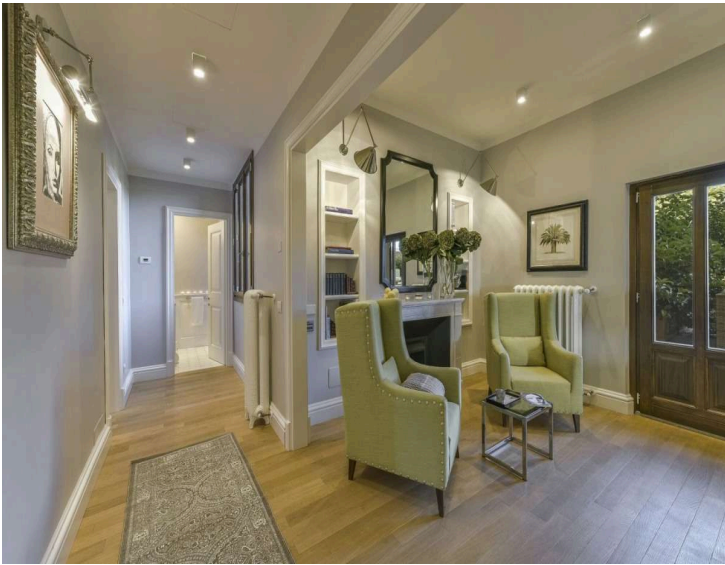

TERRACE. Another feather in the cap of the apartment is the large terrace overlooking the city. Part of the perimeter of the terrace is covered with evergreens for a complete privacy. The terrace is furnished with umbrellas, wicker sun loungers, a large sofa with coffee table and a table for 8 people to enjoy breakfast or dine by candlelight.
