DESCRIPTION

Property 10737 – Val Thorens - French Alps

5 Suites – Indoor Pool – SPA

The Property 10737 is located in the heart of Val Thorens, where the Grand Rue, or the main street, meets the Rue de Gébroulaz named after the last privately owned glacier in Europe. With Val Thorens being a doorstep ski resort, the nearest slope is only ten metres away from the chalet.

Val Thorens is Europe's highest ski resort that lies at the heart of the Three Valleys, the world's largest ski area, and offers some 600 km of ski trails, 321 pistes, 169 lifts and 2,100 snow cannons to provide artificial snow cover when the natural snow is scarce. If you are new to skiing, we will be happy to select the best ski instructors who will help you master the essentials of skiing in just a

couple of days. If you feel like spending a night out, just let us know, and we will tell you all about Val Thorens' best clubs, bars and restaurants, and help book the best table.

A spacious, 1,200 sq.m. chalet sits at the highest point of Val Thorens. The south terrace overlooks the Glacier de Péclet and Cime de Caron mountain. The Chalet is available for booking as a whole, offering a perfect spot to spend time with family and friends.

The Property 10737 has five suites with two or three rooms each, accommodating up to 15 guests in total. The suites are situated on the upper floors, boasting a spectacular view on the mountain tops. Each room features a balcony facing the south and a bathroom.

This Chalet is the world's only private chalet boasting a three Michelin star restaurant. Our cuisine consultants are Rene and Maxime, chefs running the region's best restaurant.

Our chalet features a fully-functional spa centre with a beautician and a masseur. In the spa centre of the Property 10737, you can swim in the pool, relax in a whirlpool tub or visit a sauna. Our beautician and masseur will identify your needs and tailor the procedures accordingly.

After a long skiing session, enjoy a swim in the 25 metre pool, relax in a whirlpool tub, do a few sets in the gym, or visit the Finnish sauna and the Russian steam room.

The chalet features an activity room for children, an amusement arcade with foosball and sim racing equipment, two cinemas, a wellness center, and a gym. Those who cannot imagine their lives without golf, even in winter, are welcome to use state- of-the-art TrackMan 4 simulator.

When staying at the Property 10737, you will have a wide range of activities to choose from.

The chalet's business centre and library will also be at your disposal. Cigar lovers will appreciate the cigar room. Understanding that a good vacation means a large variety of leisure activities, we make meeting your expectations our top priority. We will be happy to provide you with footwear, golf clubs, balls and any other equipment you might need.
