DESCRIPTION

Property 1557152253 - MARINA DI RAGUSA

14 Bedrooms

Location and Surrounding Area

Situated in one of Sicily's most memorable destinations, just one kilometer from the coast, these exclusive two-bedroom villas are ideally located to offer complete privacy and pure relaxation to its guests, providing a perfect escape for those who want to explore this diverse area which is home to historic towns, incredible landscapes, excellent food and some of the most spectacular beaches in Sicily. The villas are just a stone's throw from Marina di Ragusa and the sandy beaches of Punta Secca and Donnalucata, renowned for their jewel-colored waters.

In just fifteen minutes by car, you can easily reach Scicli, the most authentic and relaxed of the Val di Noto's showpiece Baroque towns. Its relatively compact historic center is awash with cultural sights, from beautiful churches and aristocratic palazzi to eclectic museums and a time-warped apothecary. The town makes regular cameos on the hit TV series "Inspector Montalbano" and tourists can visit two of the show's sets inside Palazzo Municipio. The villa is also a few kilometers from Modica: after the 1963 earthquake, the city was so damaged that it was largely rebuilt in the Sicilian Baroque style.

After the 1963 earthquake, Ragusa was so damaged that a new town was built on a high plateau to the west. Many buildings in the old town were repaired and rebuilt, however, so both towns show a marked Baroque influence that characterizes its tourist attractions today. Like the newer town above, the Old Town of Ragusa, a quiet quarter of narrow streets known as Ragusa Ibla, was also largely rebuilt in the Baroque style after the 1963 earthquake, so you will see examples of 18th-century architecture scattered among other buildings that survived before the earthquake.

In less than one hour by car, you can reach Noto, a spectacular Baroque city in the province of Syracuse and an architectural paradise with one of the most beautiful historic centers in Sicily. Renowned as the Capital of Baroque and also a UNESCO World Heritage Site, Noto is perched on a plateau overlooking the Asinaro valley, covered by citrus, olive and almond trees. From here, you can reach Syracuse, which encapsulates Sicily's timeless beauty more than any other city: ancient Greek ruins rise out of lush citrus orchards, café tables spill onto dazzling Baroque piazzas, and honey-hued medieval side streets lead down to the sparkling blue sea.
