The Property

Immersed in the raw beauty of the Sicilian countryside, Property 1651263804 is a 19th-century estate that has been transformed into a boutique hotel, offering an authentic Sicilian experience. Nestled close to Noto and its baroque wonders, this charming estate from the 1800s is surrounded by olive groves and the rolling hills of the Iblea Valley. With expansive gardens, a beautiful pool area, and a lemon orchard, Property 1651263804 can accommodate up to 22 guests in 11 uniquely designed bedrooms.

Originally built in 1886 by a wealthy farmer, the estate was purchased by its current owner in 2008. After nine years of restoration in collaboration with designers Draga Obradovic and Stefano Guidotti, the property opened as a hotel in 2017. The estate is centred around two charming courtyards, flanked by terraces and a garden perfect for al fresco dining, evening drinks, and quiet moments. Here, contemporary design meets Mediterranean style.

In the main courtyard, there is a large saltwater pool surrounded by a paved area furnished with comfortable sun loungers, inviting guests to relax. The outdoor space offers a tranquil atmosphere, perfect for basking in the sun and enjoying the orange-scented breeze. The poolside bar is ideal for a sunset cocktail overlooking the gently rolling countryside, while the fragrant orchard and beautifully restored courtyards are also worth exploring.

The expansive indoor-outdoor lounge and bar by the pool provide a perfect retreat when the sun gets too hot. The property also includes a massage room for unwinding after a day of exploration, and a small gym (partly outdoors). Indoors, guests will find a series of communal areas: a dining room and three vaulted sitting rooms, each with its own colour palette. The interiors feature a curated mix of Italian

design pieces, vintage finds, and striking lighting, creating a sophisticated yet relaxed blend of old and new.
