DESCRIPTION

Property 1708344297 - SELVA DI VAL GARDENA

4 BEDROOMS

Location and Surrounding Area

Property 1708344297, is an exceptionally elegant chalet located in the heart of the Dolomites in the little town of Selva, at the head of the Gardena valley. Tucked on the side of the valley, the views are simply breath-taking with the Sella Massif to the east, the dramatic Sassolungo to the south and the Pic to the North. The mountain range with its 18 peaks is considered one of the most beautiful mountain landscapes in the world and is protected as a world Unesco heritage site. There really is no better view to wake up to or to relax to after a day of sport or exploring.

Property 1708344297 is positioned in an idyllic spot just a few minutes on foot from the centre of the town. Selva di Val Gardena offers a varied selection of local shops, bars and restaurants. You may be surprised to know that dining experiences here are at the cutting edge with currently two Michelin starred restaurants in this tiny town! The wine lists are exceptional, drawing from the internationally lesser-known Italian regions of Trentino and Alto Adige.

In sociological terms, this area has a rich cultural heritage, a blend of Austrian, Italian and distinctly local, very ancient roots. Archeological findings hint to the fact that this valley was settled in prehistorical times. The locals speak Ladin, a language older than Italian and still taught in schools. Another curiosity is the proliferation of woodcarving shops. The carvings, traditionally religious in theme, have their roots in the 17th century, the period coming after the brutal middle ages

Undoubtedly the main pull of Selva di Val Gardena is however, that simply put, it is a skier's paradise. It is a short drive to the Col Raiser, Saslong and Dantercepies gondolas and even closer to the Ciampionu one. These will give you a huge variety of skiing opportunities including access into the Sella Ronda and wider Dolomiti Superski., incidentally, the largest skiing carousel in the world! The famous ski circuit round the Sella alpenstock, that is to say the Sellaronda, runs right past Selva Gardena. There are also other winter activities should you wish to indulge, such as the Pranives ice stadium and the skate track.

Why not also consider enjoying Property 1708344297 during all the other glorious seasons? How about mountain biking the sellaronda in spring when there is a riot of flowers covering the meadows? Discover the mysterious, ethereal beauty of the 'Lech di ciampedal ' lake, a jade coloured meltwater lake that only lasts a couple of weeks. In the summer do as the Italians do and escape to the fresh air of the mountains to hike or cycle through green pastures and admire the cool waters of the glistening lakes. How to miss the autumn when the famous pale mountains are rechristened as "the burning dolomites". Admire them as you bask in the chalet's heated pool and the whole area is a spectacular explosion of fall colours.

Property 1708344297 is 45 km from Bolzano Airport, 118 km from Innsbruck Airport, 198 km from Venice Marco Polo Airport, and 359 km from Milan Malpensa Airport. Sassolungo is 9 km, Sellaronda is 14 km, Corvara in the adjoining Val Badia pass is 9 km.
